

Ericka Wright

Ad Tech Implementation & Privacy Compliance Lead

San Diego, CA | ericka.wright@gmail.com | erickaweb.github.io/adtech | linkedin.com/in/erickawright

PROFESSIONAL SUMMARY

Senior Ad Tech and Marketing Operations leader with 15+ years implementing and governing advertising tracking infrastructure across web and mobile for Fortune 500 brands in FinTech and Biotech. Specializes in the full ad tech stack — tag management (Tealium), server-side tracking (Segment), mobile measurement (Kochava), consent management (OneTrust), and data clean rooms (LiveRamp/Habu). Deep expertise in privacy compliance (CCPA/CPRA, GDPR, GLBA, IRS Sec. 7216), signal loss mitigation, and cross-functional orchestration across Engineering, Legal, Security, and Marketing. Proven record of driving measurable revenue impact through technical implementation excellence.

EXPERIENCE

Intuit

Principal Marketing Operations Manager

Aug 2023 – Present | San Diego, CA (Hybrid)

- Architected cross-domain, cross-app tracking strategy for TurboTax × Credit Karma advertising program across 10+ platforms (Meta, Google, TikTok, etc.), unlocking \$20M+ in planned joint media spend for FY26.
- Drove technical implementation of LiveRamp/Habu Data Clean Rooms with Snap, TikTok, and Meta; shift to ROAS-based bidding generated \$13.4M in incremental revenue in 2024 and revealed True CPA to be 24–77% lower than standard reporting.
- Led a consent experience overhaul across 12 teams, increasing TurboTax's user consent rates by 3X+, significantly expanding the addressable audience for marketing.
- Implemented Google Advanced Consent Mode, Google Enhanced Conversions, Google Tag Gateway, Meta CAPI, Meta Advanced Matching, Meta Advanced Mobile Measurement, and Meta Limited Data Use across Intuit's web and app properties.

Intuit

Senior Web Analytics Manager

Jun 2018 – Aug 2023 | Greater San Diego Area

- Founding member of the ad tracking governance function; built and scaled tracking infrastructure supporting tens of millions in online advertising spend.
- Identified web tracking collisions caused by evolving browser behavior, partnering with architecture and engineering to save \$500K in incorrect vendor attribution and \$5M in wasted ad spend.
- Architected iFrame sandboxing solution for post-authentication apps to prevent PII/SPI exposure to third-party scripts, protecting the company from reputational and financial risk.
- Partnered with Security to establish third-party code review processes, reducing threat surface and strengthening compliance posture.

BofI Federal Bank (now Axos Bank)

VP, Product Management / VP & AVP, Web Systems

Sep 2015 – Jun 2018 | La Jolla, CA

- Expanded conversion testing and real-time personalization strategies, driving a 67% increase in conversions and 5% increase in CTRs.
- Founded a Customer Experience group unifying customer-facing teams, reducing support call and chat volumes by 5%.

- Led redesign of the flagship web property — 12% traffic increase, 25% bounce rate reduction, two “Best in Class” awards.

Illumina

Web Operations Manager / Senior Web Designer

Aug 2010 – Jul 2015 | San Diego, CA

- Managed day-to-day operations of the global corporate website for a \$31B company, overseeing 9+ developers and designers across 30+ concurrent projects per week.
- Led cross-functional 1,000+ page migration to Adobe Experience Manager (AEM).
- Drove 400% increase in lead generation, 185% CTR lift on customized homepage content, and 12% revenue increase via cart troubleshooting.
